

Special Ada Hotel

Ada Hotel is a new boutique hotel built from scratch and opened in 2006 following the historical style of Sultanahmet area. We designed our hotel by paying attention to all the details. Unlike many hotels in the historical Sultanahmet area where we reside, our rooms are much larger (twice in some cases) than the standard room size and include large beds and can accommodate families. With all the open room and the soothing view of Marmara Sea you will enter the vacation mode right away... Ada Hotel, located in the centre of the historical peninsula, is steps away from world famous Blue Mosque, Saint Sophia, Topkapi Palace, Underground Cistern, Mosaic Museums, Islamic & Turkish Art Museum, Istanbul Archaeological Museums, Hippodrome, Grand Bazaar, Spice Bazaar and many more attractions. Ada House brings you the comfort with its modern decoration and genuine quality of service. Our rooms have a panoramic view of the Marmara Sea and several historical mosques...
